Dear Friend,

Thank you for your recent contribution to my campaign for the California 23rd State Assembly District. Your support and your belief in my ability to make a difference in Sacramento are very important to me.

My policy experiences as a San José City Councilmember and my personal experiences as a life-long resident of the 23rd Assembly District have provided me with the skills and core values to develop commonsense solutions that will improve our neighborhoods, our community, our businesses, and the lives of all Californians.

With your help, my campaign will continue to build momentum as we approach Election Day. I look forward to working with you to help build a better California for all of us.

Sincerely,

Nora Campos

Dear Stanley,

Thanks for your donation of \$10,000.00 to Jerry Brown 2010.

The continuing stalemate in Sacramento underscores how important it is to forge a new consensus. As governor, I learned how to work with Republicans as well as Democrats. As mayor, I directly encountered tough urban problems. Now, as attorney general, I am mastering the legal complexities that envelope state programs and affect the lives of every person in the state.

The road ahead is strewn with obstacles and profound difficulties--it is not a time for the faint of heart. Yet, with your help, I know that we can re-ignite the pioneering spirit that built California. That is my commitment to you.

Thank you for your support. I deeply appreciate it.

Sincerely,

Jerry Brown

Thanks so much!
Jerry

P.S. Because your donation was \$5,000 or greater, we are attaching a required notice concerning your potential obligations as a Major Donor. Please review this carefully and call us if you have any questions.

Dear Stan,

Thank you so much for your generous support and contribution to the Second Annual Crab Fest event -- benefiting the Laguna Honda Foundation.

I decided to use this year's event to give something back to the community, and with your support we were able to raise over \$150,000 for the Laguna Honda Foundation and the Laguna Honda Hospital -- home to many of San Francisco's elderly, disabled and disadvantaged citizens.

The funds we raised will help provide nursing education, clinical research and future programming as well as supplying needed equipment and furniture for the hospital. The Laguna Honda Foundation is working to transform Laguna Honda from an aging facility that has served the City and County of San Francisco for more than 100 years, into an innovative 21st Century model of high-quality, accessible adult care and rehabilitation.

I wish to personally thank you for your support and generosity in this tough economic climate. You have proven to me once again, that the Bay Area residents are truly a giving community.

If you are interested in continuing to support the Laguna Honda Foundation, please contact Louise Renne, Chair of the Foundation, 350 Sansome Street, Suite 300, San Francisco, CA 94104.

Thank you again for your support. I look forward to seeing you next year at Crab Fest 3.

Dear Democratic Supporter,

Thank you very much for your generous support of the San Francisco Democratic Party's annual Onward to Victory Gala on October 29th. We are celebrating huge successes locally and nationally this election cycle and your contribution has directly supported our efforts to pursue local, state and national victories for the Democratic Party.

The San Francisco Democratic Party has been working hard to bring voter participation to new heights by registering almost 7,000 new Democrats in San Francisco in 2008. As the "red" counties in California grow in population, it becomes that much more important for San Francisco to provide a progressive balance by ensuring high voter participation. Your contribution will significantly help us in that effort.

We are at a crossroads in California and the nation generally. With the current economic crisis, the war in Iraq, global warming, and the continued struggle for equal rights for same-sex couples, it is critical that the Democratic Party remains strong, principled and effective in ushering in a new direction for our country.

Again, thank you for your participation in this important work. If you are interested in further involvement with the local Party, please email us at info@sfdemocrats.org or call us at (415) 626-1161.

Thank you for your contribution to my campaign for Fremont City Council.

Campaigns have become very expensive to run, especially this year. With record turnout expected at the polls, reaching out to all likely voters is incredibly costly. Your contribution has made it possible to reach out to the residents of Fremont to share my exciting message.

My plan for Fremont's **NEXT 50 YEARS** will make the City more livable, sustainable, and vibrant. By focusing on **public safety, smart growth, and economic development** I believe we can preserve the quality of life that makes Fremont so special, as well as become a model City that leads the way in sustainable development.

Your continued support will ensure our success on November 4th! Thank you again.

Dear friends,

On behalf of the 1.7 million residents of Santa Clara County, thank you for your generous support of the VMC Seismic Safety Committee – Yes on Measure A campaign.

Your contribution will be used to organize a comprehensive voter outreach campaign to gain passage of the Measure A ballot initiative to rebuild VMC's seismically non-compliant buildings, as well as to build a new medical facility in downtown San Jose to replace the closed San Jose Medical Center facility. As you know, campaigns are expensive and Measure A requires at least 2/3rds voter approval to win – so your contribution is critical.

Once again, thank you for your support and please contact the campaign with any questions by calling (408) 888-0397 or emailing nielsen.elizabeth@vmcmatters.com.

Dear Mr. Smith:

I recently had the opportunity to personally thank you for your support of Pittsburg Unified School District's Measure E School Bond program that built two new schools. A \$70,000,000 program that came in on time and under budget! I am also looking forward as we move forward on PUSD's \$90,000,000 Measure J School Bond project to begin this fall to build a new Pittsburg High School.

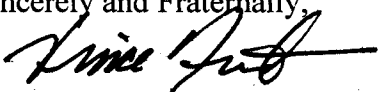

I am also taking this time to thank you once again for the Building Trades' unanimous support of the Measure C Parcel Tax. As a 22 year member of IBEW 302, I am proud and honored to say that Union Labor truly is investing in education in my community.

On Tuesday, November 4, 2008, all voters in the Pittsburg Unified School District will be asked to vote for Measure C. Measure C is a parcel tax that will provide the School District with a reliable, local source of funds to avoid many of the severe budget cuts that reductions in state education funding cause. Measure C will last for seven years and requires a two-thirds voter approval for passage.

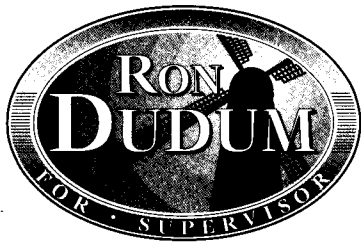

The students, parents, staff and community members who are involved in our schools have made the passage of the parcel tax their highest priority for this year. There are more than 19,000 registered voters in the district and a strong effort must be made to communicate our message to them.

We are writing to you today to ask you to add your name to the list of those supporting this vital campaign by making a donation of \$2,000 to the "Committee to Improve Pittsburg Schools" campaign. Again, thank you in advance for your support of the students in the Pittsburg Unified School District.

Dear *STAN*.

Thank you for your contribution to my campaign. With help from generous supporters like you, District 4 voters will elect someone whose first priority are the working families of San Francisco.

Our neighborhood's concerns continue to be lost amid the special and personal interests and ambitions that dominate City Hall. The time has come for an independent leader willing to stand up to the political status quo — our time has come.

In 50 days the voters of District 4, the heart and soul of San Francisco's working families, will elect a true neighborhood advocate. We are motivated and organized like never before and have recently been endorsed by Congresswoman Jackie Speier.

Again, my deepest thanks for your generous contribution. It is the support of committed friends like you that will help me finish what we've started and win the election on November 4th, 2008.

Thank You for Everything

Dear Stan,

On Tuesday, June 3rd, thousands of voters all across the 14th Assembly district responded to our campaign for change and cast their ballots for us – that was a clear victory.

I want to thank each and every one of you for your time, your generosity, and your unwavering support throughout this campaign. We could never have made it this far without you.

I offer congratulations to our next Assemblymember Nancy Skinner, and look forward to working with her to get our district back on track. I'd also like to extend my congratulations to Kriss Worthington and Phil Polakoff for running hard-fought campaigns and for their dedication to public service.

While we did not win this campaign, we still have to move forward with the great task of bringing change to our communities. Your contribution helped us start this important dialogue with our community. Now, we must continue to fight for change – by protecting our kids against education cuts and giving every single child the chance at an affordable college education. We must protect our health, by standing up to polluters and passing universal health care. And we must preserve our environment – and our community – by cleaning up pollution and creating the green, high-tech jobs to do it right here in our district.

Please stay in touch by visiting www.TonyThurmond.com and find out how you can join us in this fight for change.

For the past several months of the campaign, and for the many challenges ahead, I am proud and honored to have you by my side. Thank you.

I am excited at the prospect of serving on the County Board of Supervisors. Together, we can continue to create an honest and trustworthy role for local government and grow our reputation as a county that champions open government, multiculturalism and job creation, where our county's proud legacy of opportunity and quality of life will not be shortchanged. Dear Stan,

Thank you for your generous donation and continued support for my campaign. Please extend my thanks to your membership as well.

As of last week the Democrats have a 0.3% registration advantage in the 15th. That is a significant improvement from the 3% deficit a year ago and a 0.1% deficit a month ago. We are excited and determined!

I look forward to working with you in the coming months and when I am in the assembly. If I can help with anything, please do not hesitate to contact me.

Thanks again!

Dear Stan,

I want to thank you for your generous contribution to my re-election campaign for San Francisco Supervisor, District 7.

Over the past three years, I have proven myself to be a highly capable and effective legislator and representative for District 7 and the City of San Francisco. By passing legislation ensuring that the City prepare a 10 year capital plan for its long term capital needs or passing an agreement with the Professional Golf Association to bring the 2009 President's Cup and four additional professional tournaments to our very own Harding Park Golf Course, I have been able to negotiate the political labyrinth that is the Board of Supervisors. As a representative of the West of Twin Peaks neighborhoods, I have worked hard to improve our district assets like West Portal Library and Playground, Aptos Park, Junipero Serra Playground, and Portola, Junipero Serra, and Sloat Boulevards - all of which have gone through major renovations in the last three years to the benefit of the neighboring community.

I look forward to the coming years with excitement for what our future holds and with a new determination to continue to improve the quality of life for all San Franciscans.

Please know that I very much appreciate your support and look forward to working with you in continuing to lead San Francisco in the right direction. If there is anything I may do for you, or if you have any suggestions for me, please do not hesitate to contact me at 415-775-0698 or via email at sean_elsbernd@yahoo.com.

Dear Brothers and Sisters-

I want to thank each of my Brothers and Sisters of Local 483 for their generous support of my campaign for the Board of Supervisors in Tuolumne County. There has been overwhelming support for my efforts to become a county supervisor, but no support for me means more than that of my Union family.

If you have any coworkers, friends or relatives up this way, I wish you would tell them to vote for me on June 3rd. Up here there is a different breed of politics, it is all grass roots. Unlike in the "big city", this is a meet and greet campaign, not one that can be won with any "deals." So if you know someone up here, or publish a retirees newsletter, or whatever, I will be eternally grateful for your help.

You can follow the campaign by going to my web site: Domenic Torchia for Supervisor.

If you have any questions, comments, or advice please do not hesitate to contact me. Again, thank you all and special thanks to Stan Smith, Jr. for always being there for the working class.

FOR STATE SENATE 2008

November 17, 2007

Stan Smith Jr.
Sprinkler Fitters & Apprentices, 483
2525 Barrington Court
Hayward, Alameda 94545

Dear Stan,

Thank you so much for your contribution to my State Senate campaign. There are so many critical issues facing California: turning around global warming, educating our children, ending the cycle of violence that plagues too many of cities, and maintaining our democracy, to name a few. I look forward to working with you to achieve the outcomes we want and need.

I would also like to take this opportunity to not only to thank you for your involvement in my Senate race but to share with you the policy I am currently working on in the areas of natural resources, education, campaign reform, and health care, all pressing issues at the forefront of Californians' concerns.

Natural Resources: California has a ten-year window to fully implement AB 32, the historic legislation passed last year to turn back the effects of global warming. As Chair of both the Natural Resources Committee and Legislative Environmental Caucus, as well as a co-author of AB 32, I look forward to helping develop the initiatives, programs and regulations needed to make the promise real.

Education: Last year my bill AB 2448 laid the groundwork to ensure career exploration options and hands-on learning opportunities in high school. These programs help our young people find relevance in their education and prepare thoughtfully for college and careers. I am proud to spearhead the effort to fully establish career-technical education opportunities in our schools, which builds on my work as Regional Representative of the U.S. Department of Education for President Bill Clinton.

Campaign Reform: My bill AB 583, based on successful public financing systems in Maine and Arizona, passed the Assembly again this year... and again stalled in the Senate. I want to ensure that the State Senate has a leader willing to fight for the integrity of our democratic system -- from honest voting machines to a level playing field for people and ideas. We cannot afford to let this important reform go unconsidered for lack of a champion.

When I ran for the State Assembly in 2002, my priorities were the "3 E's" - Education, the Environment and the Economy. They remain my priorities. With your continued, generous support, I will return in 2008 to build on the foundations we have laid and to achieve a just, equitable and beautiful world for us, our children, and our children's children to enjoy.

Thank you again for your support - it means a very great deal to me.

Warm regards,

Loni

Thanks so much, Stan!

Dear Stanley,

I want to thank you for your generous contribution to my re-election campaign. Your support is greatly appreciated.

In this election cycle, the war on terror our nation now finds itself mired in, and how we choose to fight it, is our great struggle as a society. While we face these challenges however, we are still confronted with key domestic issues. Our civil liberties must be protected and social-security and Medicare must be safeguarded. I am running for re-election to fight for these causes and your help will make it possible.
